

PRODUCT INFORMATION SHEET

Product name	:	Bromatrol
Registration no. (dutch)	:	11958 N
Active ingredient	:	bromadiolone
Concentration	:	0.005%
Toxicological group	:	anti-coagulant

DESCRIPTION

A pink, ready-to-use, rodenticidal, grain bait with no perceptible odour.

APPLICATION

Strictly for use by professional operators for the control of mice indoors. They should be wearing gloves when in direct contact with the paste. The bait is only to be applied in closed boxes.

PRECAUTION MEASURES

Store and use out of reach of children and domestic animals and away from food, drink and animal feeding stuffs. Control results will benefit from good housekeeping and proofing.

FIRST-AID MEASURES

Immediately notify a doctor and show him or her this product information sheet and the product label. In cases of emergency for further information your doctor could contact
